1. Introduction

Composition 1 is designed to help students write effective paragraphs and produce short essays. The course focuses on writing fundamentals such as grammar, punctuation, sentence construction, clarity, and coherence, as well as paragraph development and organization, leading to a short essay. We examine basic paragraph types, which may include narrative, description, comparison-contrast, and process, and write paragraph and essay length assignments that reflect these rhetorical purposes. The course is recommended for students preparing for the TOEFL and TOEIC writing tests.
